

Jump Start

Bring bicycle and pedestrian safety education to
your community!

Jump Start is a free train-the-trainer program that gives Safe Routes to School enthusiasts the necessary tools to teach bicycle and/or pedestrian safety education.

Each Jump Start training session will include:

- How to teach bicycle and/or pedestrian safety lessons in PE classes and align with state standards
- How to fit students properly for bicycles and helmets
- Curriculum including interactive drills
- Tools to encourage students to walk and roll to school
- Access to pedestrian toolkits and bicycle fleets
- Ongoing resources and communication to promote continued success
